TO WHOM IT MAY CONCERN:

This will certify that Sara Kumar has worked for me and has done very satisfactory work. She helped to build and edit the website for our Precious Blood Apostolate. Her knowledge of English is very good, and her office skills and computer abilities are excellent.

Sara graduated valedictorian of her high school class at the Singapore American High School in Singapore. She also graduated at the top of her class at Rice University and has pursued a masters degree as well successfully from the University of St. Thomas. Sara has a very cheerful disposition and enjoys very much helping others. She would be an asset to any company, organization, or learning institution. It is my honor to provide this recommendation for her.

Sincerely,

Aurora Protomartir
Director/Precious Blood Apostolate, USA
